invites you to a debate

Dinesh D'souza  
defending the faith.

*were*  
Atheists are winning. Richard Dawkins, Sam Harris, Christopher Hitchens all came out blasting Christianity in their new books:

Letter to a Christian Nation  
Why God Is Not Great  
The God Delusion

Unfortunately, the atheists were winning debates and have yet to be seriously challenged. **Until now. MFI invites you to the 3rd debate!**

*What Atheists Are Saying!*

**DEBATE 1 against Michael Shermer**

"I hate to admit this, but purely in terms of who came off better, the answer in my view has to be that D'Souza did." "It's too bad Shermer...was an inferior debater." "I think D'Souza was likely perceived to be the winner of this debate."

"The only consolation is that D'Souza mentioned he'll be debating Christopher Hitchens soon, and I predict that Hitch will eat this odious little squirt alive and spit out the bones." "The Hitchens one is gonna be way better, I'm sure of it." "Boy, I really want to see Hitch take no prisoners. This guy needs his head handed to him." "D'Souza is taking on Hitch next? Ha, ha, RIP in advance D'Souza."

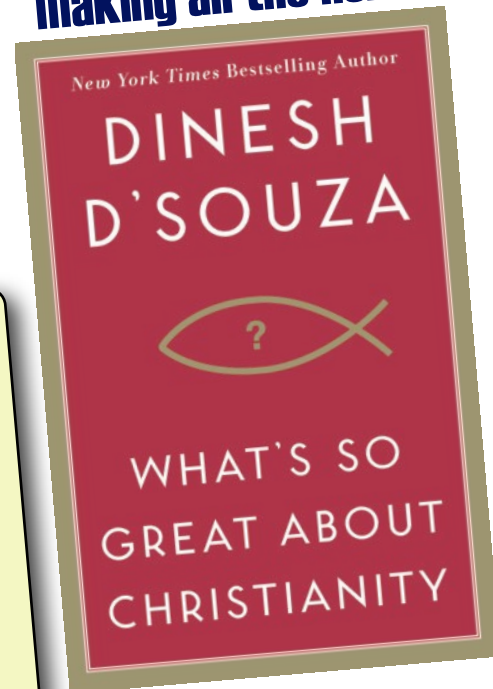

**DEBATE 2 against Christopher Hitchens**

"A little disappointing that Hitchens didn't tear him in half, instead adopting a defensive-passive approach." "It is sad that Hitchens did not nail D'Souza." "Unfortunately the trashing we expected did not occur." "I don't want to see a liar like D'Souza beat another atheist again."

**DEBATE 3 against Daniel Dennett**
